#### **Fancy Molasses**

Fancy Molasses is the highest grade of molasses. It's made from pure sugarcane juice that has been inverted into a syrup (not unlike the maple syrup-making process). Fancy molasses is tangy sweet in flavor. It contains no additives, is unsulfured, gluten-free and non-GMO. Our fancy molasses is considered a source of iron and a good source of riboflavin.

## **MOLASSES 100% NATURAL**

- Tasty & nutritious
- Made from pure sugarcane
- A source of iron, magnesium, potassium and riboflavin

#### MORE ABOUT OUR MOLASSES

#### Cooking Molasses

Cooking molasses is a blend of blackstrap and fancy molasses. It is much less sweet than fancy molasses. Any product made with cooking molasses will have a much more robust "molasses" flavour than if fancy molasses is used.

#### Blackstrap Molasses

Blackstrap molasses is a nutrient-rich product with a a robust, bitter-tart flavor. Crosby's blackstrap is a byproduct of the raw sugar manufacturing process. It is nutrient dense and is considered a good source of iron and magnesium and an excellent source of riboflavin and potassium. It is also considered a source of calcium, selenium, vitamin B6, manganese and copper.

#### We Don't Add Sulfur

Crosby's does not add sulphur to any of our products.

# WHY CROSBY'S MOLASSES IS PURE SWEETNESS:

#### TERROIR

Crosby's molasses comes from just one place: Madre Tierra sugar mill in the village of Santa Lucia, Guatemala. It is made from the juice of sugarcane grown in the surrounding volcanic soils.

#### **TRADITION**

Crosby's is a family-owned Canadian company and has been importing molasses since 1879.

#### STANDARD OF IDENTITY

In Canada, only pure sugarcane juice inverted into a syrup can be classified as fancy molasses. (Fancy molasses is not a by-product of the sugar refining process.)

#### COST EFFECTIVE NATURAL SWEETENER

Lower-cost alternative to other natural sweeteners like honey, maple syrup and agave syrup. Molasses can be substituted for, or used in conjunction, with these higher cost sweeteners.
